

**Why JCSUSA.COM is the #1 Choice  
for Law Firms and Attorneys  
for Asset Search Information**

- ✓ **Emphasis** – Judgment Collection Specialists work almost exclusively with law firms and attorneys. We understand and deliver the information you require, in a format that is appropriate for your legal proceeding. We do not work primarily with the retail market.
- ✓ **Legality** – We do not pre-text on our bank searches. All searches are conducted according to GLBA and other privacy law. Some competitors may not be conducting their searches in such a manner.
- ✓ **Scope** – All searches are nationwide. Our bank searches canvas ALL nationwide institutions, plus every banking institution within a subject’s current locale.
- ✓ **Thorough** – We don’t believe in the “quick answer”. Law firms require their researchers to exhaust every possible lead in order to present a complete picture of a subject’s asset holdings. Our cycle times insure closure on all relevant leads.
- ✓ **Experience** – We have extensive experience on collecting judgments and understand the unique requirements of working within the legal system.
- ✓ **Stable** - We have been in business over 10 years, with the founders of the company having over 30 years of experience credit, collections and legal research.
- ✓ **Precision** – We do not release results unless 100% confident the property and bank accounts we locate are accurate and current as of the date we communicate results.
- ✓ **Depth** – We don’t just give the basics. We give *complete* and *comprehensive* information.

***Enhanced Property Search:*** we provide hard copies of deeds, tax records and market estimates for current real property findings.

***Bank Account Search:*** we provide more than just the bank account and phone number and *maybe* the balance when available. We provide institution, branch address, phone number, type of account, **CURRENT BALANCE** and date of deposit (as available). In addition, as available we provide full information on any discovered closed accounts.

- ✓ **Accountability** – We are a member with an A+ standing with the Better Business Bureau. We are also bonded and insured.
